It wasn't until the Hotel and Steam Ship Service Act of 1898 that The Bahamas' opened its doors to the world, providing the government support needed for the construction of hotels and steamship service. From King Edward VIII to Sean Connery and the filming of Bond movies, the island has played refuge to many international icons. On July 10, 1973, The Bahamas became a free and sovereign country, ending 325 years of peaceful British rule, though it remains part of the Commonwealth.
